TERMINAL DISCLAIMER UNDER 37 C.F.R. § 1.321
TO OBVIATE AN OBVIOUSNESS-TYPE
DOUBLE PATENTING REJECTION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

National Semiconductor Corporation owns the entire interest in the above-identified application and in the prior United States Patent No. 6,707,148 (hereafter "prior patent"). National Semiconductor Corporation hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§154 to 156 and §173 of the prior patent. National Semiconductor Corporation hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the patent and the prior patent are commonly owned. This agreement runs with any patent granted on the above-identified application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the above-identified application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§154 to 156 and §173 of the prior patent, as presently shortened by any terminal disclaimer, in the event that the prior patent later: expires for failure to

pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR §1.321, has all claims canceled by a reexamination certificate, is reissued or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

The undersigned is an agent of record.

If the required fees (E.g., the amount of \$110 to cover the disclaimer fee pursuant to 37 C.F.R. §1.20(d)) are not enclosed or additional fees are required to facilitate filing of this paper, please charge such fees or credit any overpayment to Deposit Account No. 500388 (Order No. NSC1P236C1).

Respectfully submitted,
